

NOTES

1 By downloading the Twitter data you agree to abide by the Twitter terms of service (<https://twitter.com/tos>), and in particular you agree not to redistribute the data and to delete tweets that are marked deleted in the future.

2 Only Tweets that are publicly available at the time of download will be retrieved by the script.

3 Please cite the following paper if using the drug related chatter and/or language models:

Sarker A, Gonzalez G. A Corpus for Mining Drug-related Knowledge from Twitter Chatter: Data-centric Language Models and their Utilities. Data In Brief Journal. [To add..]

4 Additional data: the publication describes data collected over four months between November 2014 and February 2015. Additional data collected and processed in the same manner will be made available through this page periodically.
